## This is a Permanent Logbook Entry:

[This is the log entry End of Official Log Entry.]

The equipment was removed/installed in a manner that will not interfere with or adversely affect the safe operation of the aircraft. Ground tests were performed, all systems checked operational per manufacturer's specifications. The aircraft weight and balance was updated. Total current weight does not exceed recommended load as computed in reference to the aircraft maintenance manual. Installation was accomplished in accordance with AC43.13-1B chapters 7, 10, 11, 12, and AC43.13-2B chapters 1, 2, and 14 CFR part 23, subpart F. This installation was determined to be a Minor Alteration in accordance with 14 CFR 1.1, CFR 43 Appendix A, CFR 21.93(A), and FSAW 94-32C.

The above identified aircraft has been maintained and inspected in accordance with current CFRs and is approved for return to service. Details are on file at this station under work order No. WQ485 Dated: May 25, 2018
